**DECLARATION OF GREGG S. LEVIN FILED ON BEHALF OF
MOTLEY RICE LLC IN SUPPORT OF LEAD COUNSEL'S APPLICATION
FOR AWARD OF ATTORNEYS' FEES AND EXPENSES**

I, GREGG S. LEVIN, declare as follows:

1. I am a member of the firm of Motley Rice LLC. I am submitting this declaration in support of my firm's application for an award of attorneys' fees and expenses/charges ("expenses") in connection with services rendered in the above-entitled action (the "Action").

2. This firm is counsel of record for Lead Plaintiffs the Sheet Metal Workers' National Pension Fund ("SMW"), KBC Asset Management NV ("KBC"), and the Class.

3. The information in this declaration regarding the firm's time and expenses is taken from time and expense printouts prepared and maintained by the firm in the ordinary course of business. I am the member who oversaw and/or conducted the day-to-day activities in the Action and reviewed these printouts (and backup documentation where necessary or appropriate). The purpose of these reviews was to confirm both the accuracy of the entries on the printouts as well as the necessity for, and reasonableness of, the time and expenses committed to the litigation. As a result of these reviews, reductions were made to both time and expenses in the exercise of "billing judgment." As a result of these reviews and adjustments, I believe that the time reflected in the firm's lodestar calculation and the expenses for which payment is sought are reasonable in amount and were necessary for the effective and efficient prosecution and resolution of the Action. In addition, I believe that the expenses are all of a type that would normally be charged to a fee-paying client in the private legal marketplace.

4. After the reductions referred to above, the number of hours spent on this litigation by my firm is 1,462.75. A breakdown of the lodestar is provided in Exhibit A. The lodestar amount for attorney/paraprofessional time based on the firm's current rates is \$975,631.25. The hourly rates shown in Exhibit A are the usual and customary rates set by the firm for each individual.

5. My firm seeks an award of \$34,856.96 in expenses and charges in connection with the prosecution of the Action. Those expenses and charges are summarized by category in Exhibit B.

6. The following is additional information regarding certain of these expenses:

(a) Transportation, Hotels & Meals: \$23,920.02. In connection with the prosecution of this case, the firm has paid for travel expenses to, among other things, attend court hearings, meet with mediators and opposing counsel, and provide our clients with updates regarding the Action. The date, destination, and purpose of each trip is set forth in Exhibit C.

(b) Photocopying and Postage: \$128.22. In connection with this case, the firm made 472 in-house copies, charging \$0.23 per copy. The firm also incurred \$16.86 in overnight delivery charges (for a delivery to SMW on May 23, 2016). Additionally, standard postage expenses in this matter totaled \$2.80.

(c) Filing Fees: \$800.00. These expenses have been paid to the United States District Court for the District of Massachusetts for applications to appear *pro hac vice* in the Action. Further details regarding these fees are set forth in Exhibit D.

(d) Court Hearing Transcripts: \$74.10. The vendors who were paid for hearing transcripts are listed in Exhibit E.

(e) Online Legal and Financial Research: \$9,840.25. These included vendors such as Bloomberg Law, PACER, Thomson Reuters-West, and LexisNexis. These databases were used for factual research relating to the drafting of the three amended complaints in the Action, as well as for legal research and the cite-checking of briefs. The charges for these vendors vary depending upon the type of services requested.

7. The expenses pertaining to this case are reflected in the books and records of this firm. These books and records are prepared from receipts, expense vouchers, check records and other documents and are an accurate record of the expenses.

8. The identification and background of my firm and its attorneys is attached hereto as Exhibit F.

I declare under penalty of perjury that the foregoing is true and correct. Executed this 2nd day of October, 2017, at Mt. Pleasant, South Carolina.

FIRM RESUME

Motley Rice LLC

SHAREHOLDER AND SECURITIES FRAUD RESUME

INTRODUCTION

Founded as a trial lawyers' firm with a complex litigation focus by Ron Motley, Joe Rice and nearly 50 other lawyers, Motley Rice LLC has become one of the nation's largest plaintiffs' law firms.

Motley Rice LLC ("Motley Rice") is led by lawyers who received their training and trial experience in complex litigation involving in-depth investigations, discovery battles and multi-week trials.

From asbestos and tobacco to counter-terrorism and human rights cases, Motley Rice attorneys have shaped developments in U.S. jurisprudence over several decades. Shareholder litigation has earned an increasing portion of our firm's focus in recent years as threats to global retirement security have increased. Motley Rice seeks to create a better, more secure future for pensioners, unions, government entities and institutional investors through improved corporate governance and accountability.

APPROACH TO SECURITIES LITIGATION

As concerns about our global financial system have intensified, so has our focus on securities litigation as a practice area. As one presenter at the 2009 International Foundation of Employee Benefit Plans annual conference noted, "2008 likely will go down in history as one of the worst years for retirement security in the United States."

Our securities litigation philosophy is straightforward – obtain the best possible results for our clients and any class of investors we represent. Unlike some other firms, we are extremely selective about the cases that we recommend our clients pursue, recognizing that many securities fraud class action cases filed each year are unworthy of an institutional investor's involvement for a variety of reasons.

Our attorneys have substantial experience analyzing securities cases and advising institutional investor clients, whether to seek lead-plaintiff appointment (alone or with a similarly-minded group), remain an absent class member, or consider an opt-out case based on the particular factual and legal circumstances of the case.

When analyzing new filings, our attorneys draw upon their securities, business, and litigation experience, which is supplemented by our in-house team of paralegals and business analysts. In addition, the firm has developed close working relationships with widely-respected forensic accountants and expert witnesses, whose involvement at the earliest stages of complex cases can be critical to determining the best course of action. If Motley Rice believes that a case deserves an institutional investor's involvement, we provide our clients with a detailed written analysis of potential claims and loss-recoupment strategies.

Motley Rice attorneys have secured important corporate governance reforms and returned money to shareholders in shareholder derivative cases, served as lead or co-lead counsel in several significant, multi-million dollar securities fraud class actions, and taken leadership roles in cases involving fiduciaries who failed to maximize shareholder value and fulfill disclosure obligations in a variety of merger and acquisition cases.

BACKGROUND

BACKGROUND IN COMPLEX LITIGATION

Asbestos Litigation

From the beginning, our lawyers were integral to the story of how “a few trial lawyers and their asbestos-afflicted clients came out . . . to challenge giant asbestos corporations and uncover the greatest and longest business cover-up of an epidemic disease, caused by a product, in American history.”¹ In addition to representing thousands of workers and family members impacted by asbestos, Motley Rice has represented numerous public entities, including Canadian provincial compensation boards in subrogation actions and many state subdivisions in property-damage cases. Our attorneys have litigated claims alleging various insurers of asbestos defendants engaged in unfair settlement practices in connection with the resolution of underlying asbestos personal injury claims. This litigation resulted in, among other things, an eleven-state settlement with Travelers Insurance Company.

Tobacco Master Settlement Agreement

In the 1990s, Motley Rice attorneys and more than half of the states’ attorneys general took on the tobacco industry. Armed with evidence acquired from whistleblowers, individual smokers’ cases and tobacco liability class actions, the attorneys led the campaign in the courtroom and at the negotiation table to recoup state healthcare funds and exact marketing restrictions from cigarette manufacturers. Through the litigation, “a powerful industry was forced by U.S. courts to reveal its internal documents, documents that explain what nine tobacco companies knew, when they knew it and what they concealed from the public about their dangerous product.”² The effort resulted in significant restrictions on cigarette marketing to children and culminated in the \$246 billion Master Settlement Agreement, the largest civil settlement in U.S. history.

Anti-Terrorism and Human Rights

In *In re Terrorist Attacks on September 11, 2001*, Motley Rice attorneys brought a landmark lawsuit against the alleged private and state sponsors of al Qaeda and Osama bin Laden in an action filed on behalf of more than 6,500 victims, family members, survivors, and those killed on 9/11—including the representation of more than 900 firefighters and their families. In prosecuting this action, Motley Rice has undertaken a global investigation into terrorism financing. In keeping with Motley Rice co-founder Ron Motley’s “no stone left unturned” discovery philosophy, more was spent in the first 18 months of our investigation of al Qaeda’s financing than the \$15 million budgeted by the U.S. Congress for the entire 9/11 Commission.³

At the request of victims’ families and survivors of the 9/11 terrorist attacks, our attorneys also initiated another legal action against the airline industry for security lapses in *In re September 11 Litigation*. Representing 56 families that opted out of the Victim Compensation Fund, Motley Rice attorneys eventually negotiated settlements far beyond the precedents existing at the time for wrongful death cases against the airline industry.

BP PLC Oil Spill Litigation

In April 2010, the Deepwater Horizon disaster spilled approximately 4.9 million gallons of oil into the water, killed 11 oil rig workers, devastated the Gulf’s natural resources and profoundly harmed the economic and emotional well-being of hundreds of thousands of people. The Deepwater Horizon Economic and Property Damages Settlement is the largest civil class action settlement in U.S. history. Motley Rice co-founder Joseph Rice is a Plaintiffs’ Steering Committee member and served as one of the primary negotiators of that Settlement and the Medical Benefits Settlement.

Securities Fraud Class Actions

***In re Barrick Gold Securities Litigation*, No. 1:13-cv-03851-RMB (S.D.N.Y.).** As sole lead counsel, Motley Rice represented Co-Lead Plaintiffs Union Asset Management Holding AG and LRI Invest S.A. in a class action on behalf of investors who purchased shares of Barrick Gold Corporation, the world's largest gold mining company. The suit alleged that Barrick Gold had fraudulently underreported the cost and the time to develop its Pascua-Lama gold mine on the border between Argentina and Chile, and misrepresented its compliance with applicable environmental regulations and the sufficiency of its internal controls. Barrick Gold eventually abandoned its development of the Pascua-Lama mine after an injunction was issued by a Chilean court following the company's failure to comply with environmental regulations, and causing Barrick Gold to take an impairment charge of over \$5 billion. A \$140 million settlement was reached, and received final approval in December 2016.

***Bennett v. Sprint Nextel Corporation*, No. 2:09-cv-02122-EFM-KMH (D. Kan.).** As co-lead counsel, Motley Rice represented the PACE Industry Union-Management Pension Fund (PIUMPF) and two other institutional investors who purchased Sprint Nextel common stock between October 26, 2006 and February 27, 2008. The class action complaint alleged that the defendants made materially false and misleading statements regarding Sprint's business and financial results. As a result, the complaint alleged that Sprint stock traded at artificially inflated prices during the class period and that, when the market learned the truth, the value of Sprint's shares plummeted. In August 2015, the court granted final approval to a \$131 million settlement.

***Alaska Electrical Pension Fund v. Pharmacia Corp.*, No. 03-1519 (D.N.J.).** Motley Rice served as co-class counsel in federal securities fraud litigation alleging that the defendants misrepresented clinical trial results of Celebrex® to make its safety profile appear better than rival drugs. In January 2013, the lawsuit settled in mediation for \$164 million.

***Minneapolis Firefighters' Relief Association v. Medtronic, Inc.*, No. 08-6324 (PAM/AJB) (D. Minn.).** Motley Rice is co-lead counsel for a class of investors who purchased Medtronic common stock in this case that survived the defendants' motion to dismiss. The suit alleges that Medtronic engaged in a pervasive campaign of illegal off-label marketing in which the company advised doctors to use Medtronic's Infuse Bone Graft in ways not FDA-approved, leading to severe complications in patients. Medtronic's stock price dropped significantly after investors learned that the FDA and Department of Justice were investigating Medtronic's off-label marketing. The \$85 million settlement was approved on Nov. 8, 2012.

***City of Sterling Heights General Employees' Retirement System v. Hospira, Inc.*, No. 11 C 8332 (N.D. Ill.).** Motley Rice serves as co-lead counsel representing investors in this lawsuit against Hospira, the world's largest manufacturer of generic injectable pharmaceuticals, including generic acute-care and oncology

injectables and integrated infusion therapy and medication management systems. The lawsuit alleges that Hospira and certain executive officers engaged in a fraudulent scheme to artificially inflate the company's stock price by concealing significant deteriorating conditions, manufacturing and quality control deficiencies at its largest manufacturing facility located in Rocky Mount, N.C., and the costly effects of these deficiencies on production capacity. These deteriorating conditions culminated in a series of regulatory actions by the FDA which the defendants allegedly misrepresented to their investors. The case settled for \$60 million in 2014.

***In re Hewlett-Packard Co. Securities Litigation*, No. SACV 11-1404 AG (RNBx) (C.D. Cal.).** Motley Rice served as co-lead counsel representing investors who purchased Hewlett-Packard common stock between November 22, 2010 and August 18, 2011. The lawsuit alleged that Hewlett-Packard misled investors about its ability to release over a hundred million webOS-enabled devices by the end of 2011. After Hewlett-Packard abandoned webOS development in August 2011, the company's stock price declined significantly. The court granted final approval to a \$57 million settlement on September 15, 2014.

***In re Dell, Inc. Securities Litigation*, No. A-06-CA-726-SS (W.D. Tex.).** Motley Rice was appointed lead counsel for the lead plaintiff, Union Asset Management Holding AG, which sued on behalf of a class of purchasers of Dell common stock. The suit alleged that Dell and certain senior executives lied to investors and manipulated financial announcements to meet performance objectives that were tied to executive compensation. The defendants' alleged fraud ultimately caused the price of Dell's stock to decline by over 40 percent. After the case was dismissed by the district court, Motley Rice attorneys launched an appeal to the Fifth Circuit Court of Appeals. After fully briefing the case and oral arguments, the parties settled the case for \$40 million.

***City of Brockton Retirement System v. Avon Products, Inc.*, No. 11 Civ. 4665 (PGG) (S.D.N.Y.).** Motley Rice serves as sole lead counsel representing lead plaintiffs in a class action on behalf of all persons who acquired Avon common stock between July 31, 2006 and Oct. 26, 2011. The action alleges that the defendants falsely assured investors they had effective internal controls and accounting systems, as required under the Foreign Corrupt Practices Act (FCPA). In October 2008, Avon disclosed that it had begun an investigation into possible FCPA violations in China in June 2008. The action alleges that, unbeknownst to investors, Avon had an illegal practice of paying bribes in violation of the FCPA extending as far back as 2004 and which continued even after its October 2008 disclosure. Despite its certifications of the effectiveness of its internal controls, Avon's internal controls were allegedly severely deficient, allowing the company to engage in millions of dollars of improper payments in more than a dozen countries. On August 24, 2016, the court approved a final settlement of \$62 million.

CASES

South Ferry LP #2 v. Killinger, No. C04-1599C-(W.D. Wash.) (regarding Washington Mutual). Motley Rice served as co-lead counsel on behalf of a class of investors who purchased WaMu common stock between April 15, 2003, and June 28, 2004. The suit alleged that WaMu misrepresented its ability to hedge risk and withstand changes in interest rates, as well as its integration of differing technologies resulting from various acquisitions. The Court granted class certification in January 2011 and approved the \$41.5 million settlement on June 5, 2012.

In re MBNA Corporation Securities Litigation, No. 05-CV-00272-GMS (D. Del.). Motley Rice served as co-lead counsel on behalf of investors who purchased MBNA common stock. The suit alleged that MBNA manipulated its financial statements in violation of GAAP, and MBNA executives sold over one million shares of stock based on inside information for net proceeds of more than \$50 million, knowing these shares would drop in value once MBNA's true condition was revealed to the market. The case was settled with many motions pending. The \$25 million settlement was approved on October 6, 2009.

In re NPS Pharmaceuticals, Inc. Securities Litigation, No. 2:06-cv-00570-PGC-PMW (D. Utah). Motley Rice represented the lead plaintiff as sole lead counsel in a class action brought on behalf of stockholders of NPS Pharmaceuticals, Inc., concerning the drug PREOS. NPS claimed that PREOS would be a "billion dollar drug" that could effectively treat "millions of women around the world who have osteoporosis." The complaint alleged fraudulent misrepresentations regarding PREOS's efficacy, market potential, prospects for FDA approval and dangers of hypercalcemic toxicity. The case settled after the lead plaintiff moved for class certification and the parties engaged in document production and protracted settlement negotiations. The \$15 million settlement was approved on June 18, 2009.

In re Citigroup Inc. Securities Litigation, No. 07 Civ. 9901 (SHS) (DCF) (S.D.N.Y.). Motley Rice served as co-counsel in this securities fraud action alleging that Citigroup responded to the widely-known financial crisis by concealing both the extent of its ownership of toxic assets—most prominently, collateralized debt obligations (CDO) backed by nonprime mortgages—and the risks associated with them. By alleged misrepresentations and omissions of what amounted to more than two years of income and an entire significant line of business, Citigroup allegedly artificially manipulated and inflated its stock prices throughout the class period. Citigroup's alleged actions caused its stock price to trade in a range of \$42.56 to \$56.41 per share for most of the class period. These disclosures helped place Citigroup in serious danger of insolvency, a danger that was averted only through a \$300 billion dollar emergency government bailout. On August 1, 2013, the Court approved the settlement resolving all claims in the Citigroup action in exchange for payment of \$590 million for the benefit of the class.

Cornwell v. Credit Suisse Group, No. 08 Civ. 3758 (VM) (S.D.N.Y.). Motley Rice served as co-counsel in an action against Credit Suisse Group alleging the defendants issued materially false and misleading statements regarding the company's business and financial results and failed to write down impaired securities containing mortgage-related debt. Subsequently, Credit Suisse's stock price relative to other market events declined 2.83 percent when impaired securities came to light. A \$70 million settlement was approved in July 2011.

In re Forest Laboratories, Inc. Securities Litigation, No. 05 Civ. 2827 (RMB) (S.D.N.Y.). Motley Rice represented PIUMPF in a securities fraud class action alleging that the company and its officers misrepresented the safety, efficacy, and side effects of several drugs. Motley Rice, in cooperation with other class counsel, helped the parties reach a \$65 million settlement that was approved on May 15, 2009.

Hill v. State Street Corporation, No. 09-cv-12146-NG (D. Mass.). Motley Rice represents institutional investors as co-lead counsel against State Street. The action alleges that State Street defrauded institutional investors – including the state of California's two largest pension funds, California Public Employees' Retirement System (CalPERS) and California State Teachers' Retirement System (CalSTRS) – by misrepresenting its exposure to toxic assets and overcharging them for foreign exchange trades. A \$60 million settlement was approved January 8, 2015.

In re Synovus Financial Corp., No. 1:09-cv-01811 (N.D. Ga.). Motley Rice and our client, Sheet Metal Workers' National Pension Fund, serve as court-appointed co-lead counsel and co-lead plaintiff for investors in Synovus Financial Corp. The lawsuit alleges that the bank artificially inflated its stock price by concealing its troubled lending relationship with the Sea Island Company, a resort real estate and hospitality company to whom Synovus allegedly made hundreds of millions of dollars of "insider loans" with "little more than a handshake" facilitated by personal relationships among certain senior executives and board members. In 2014, the court approved a final settlement of \$11.75 million.

In re Molson Coors Brewing Co. Securities Litigation, No. 1:05-cv-00294 (D. Del.). Motley Rice served as co-lead counsel for co-lead plaintiffs Drywall Acoustic Lathing and Insulation Local 675 Pension Fund and Metzler Investment GmbH in litigation against Molson Coors Brewing Co. and several of its officers and directors. The lawsuit alleged that, following the February 9, 2005, merger of Molson, Inc. and the Adolph Coors Company, the defendants fraudulently misrepresented the financial and operational performance of the combined company prior to reporting a net loss for the first quarter of 2005. Following protracted negotiations, the parties reached a \$6 million settlement in May 2009.

Marsden v. Select Medical Corporation, No. 04-cv-4020 (E.D. Pa.).

Motley Rice served as co-lead counsel on behalf of stockholders of Select Medical, a healthcare provider specializing in long-term care hospital facilities. The suit alleged that Select Medical exploited its business structure to improperly maximize Medicare reimbursements, misled investors and that the company's executives engaged in massive insider trading for proceeds of over \$100 million. A \$5 million settlement was reached and approved on April 15, 2009.

Welton v. Chicago Bridge & Iron Co., N.V., No. 06-CV-01283

(JES) (S.D.N.Y.). Motley Rice represented the co-lead plaintiff in this case that alleged that the defendants issued numerous materially false and misleading statements which caused CB&I's securities to trade at artificially inflated prices. The litigation resulted in a \$10.5 million settlement that was approved on June 3, 2008.

Ross v. Career Education Corp. No. 1:12-cv-00276 (N.D. Ill.).

On April 16, 2014, the U.S. District Court for the Northern District of Illinois issued an order granting final judgment and dismissing with prejudice *Ross v. Career Education Corp.* Motley Rice served as co-lead counsel in the lawsuit, which alleged that Career Education and certain of its executive officers violated the federal securities laws by misleading the company's investors about its placement practices and reporting. The court approved a final settlement of \$27.5 million.

Freedman v. St. Jude Medical, Inc., No. 12-3070 (RHK/JJG) (D. Minn.).

Motley Rice served as co-lead counsel representing co-lead plaintiff Första AP-fonden, a Swedish pension fund, in this securities fraud class action against St. Jude Medical, Inc., a manufacturer of medical devices for cardiac rhythm management and the treatment of atrial fibrillation. This action alleged that defendants made false and misleading statements and concealed material information relating to the safety, durability, and manufacturing processes of the company's new generation of cardiac rhythm management devices marketed under the name "Durata." A \$39.5 million settlement was approved in November 2016.

Shareholder Derivative Litigation**Walgreens / Controlled Substances Violations: In re Walgreen Co. Derivative Litigation.**

On October 4, 2013, Motley Rice filed a consolidated complaint for a group of institutional investors against the board of directors of Walgreen Co. The complaint alleges that Walgreen's board engaged in a scheme to maximize revenues by encouraging the company's pharmacists to fill improper or suspicious prescriptions for Schedule-II drugs, particularly oxycodone, in Florida. The complaint followed the June 2013 announcement of an \$80 million settlement between Walgreens and the Drug Enforcement Administration relating to the misconduct. A settlement was approved in December 2014, in which Walgreens agreed to, among other things, extended compliance-related commitments, including maintaining a Department of Pharmaceutical Integrity.

Manville Personal Injury Settlement Trust v. Gemunder,

No. 10-CI-01212 (Ky. Cir. Ct.) (regarding Omnicare, Inc.). On April 14, 2010, Motley Rice, sole lead counsel in this action, filed a shareholder derivative complaint on behalf of plaintiff Manville Personal Injury Settlement Trust. Plaintiff's claims stem from a November 3, 2009, announcement by the U.S. Department of Justice that Omnicare, Inc. had agreed to pay \$98 million to settle state and federal investigations into three kickback schemes through which the company paid or solicited payments in violation of state and federal anti-kickback laws. The court denied the defendants' motions to dismiss in their entirety on April 27, 2011. The defendants sought an interlocutory appeal, which was denied on October 6, 2011. Following significant discovery, which included plaintiff's counsel's review and analysis of approximately 1.4 million pages of documents, the parties reached agreement on a settlement, which received final approval from the court on October 28, 2013. Under the settlement, a \$16.7 million fund (less court awarded fees and costs) will be created to be used over a four year period by Omnicare to fund certain corporate governance measures and provide funding for the company's compliance committee in connection with the performance of its duties. Additionally, the settlement calls for Omnicare to adopt and/or maintain corporate governance measures relating to, among other things, employee training and ensuring the appropriate flow of information to the compliance committee.

Service Employees International Union v. Hills, No. A0711383 (Ohio

Ct. Com. Pl.) (regarding Chiquita Brands International, Inc.). In this shareholder derivative litigation, SEIU retained Motley Rice to bring an action on behalf of Chiquita Brands International. The plaintiff alleged that the defendants breached their fiduciary duties by paying bribes to terrorist organizations in violation of U.S. and Columbian law. In October 2010, the plaintiffs resolved their state court action as part of a separate federal derivative claim.

Mercier v. Whittle, No. 2008-CP-23-8395 (S.C. Ct. Com. Pl.)

(regarding the South Financial Group). This shareholder derivative action was brought on behalf of South Financial Group, Inc., following the company's decision to apply for federal bailout money from the Troubled Asset Relief Program (TARP) while allegedly accelerating the retirement of its former chairman and CEO to protect his multi-million dollar golden parachute, which would be prohibited under TARP. The litigation was settled prior to trial and achieved, among other benefits, payment back to the company from chairman Whittle, increased board independence and enhanced shareholder rights.

Manville Personal Injury Settlement Trust v. Farmer, No. A 0806822 (Ohio Ct. Com. Pl.) (regarding Cintas Corporation).

In this shareholder derivative action brought on behalf of Cintas Corporation, the plaintiff alleged that the defendants breached their fiduciary duties by, among other things, failing to cause the company to comply with applicable worker safety

CASES

laws and regulations. In November 2009, the court approved a settlement agreement that provided for the implementation of corporate governance measures designed to increase the flow of employee safety information to the company's board; ensure the company's compliance with a prior agreement between itself and OSHA relating to workplace safety violations; and secure the attendance of the company's chief health and safety officer at shareholder meetings.

Corporate Takeover Litigation

***In re The Shaw Group, Inc., Shareholders Litigation*, No. 614399 (19th Jud. Dist. La.).** Motley Rice attorneys served as co-lead counsel in the class action brought by our client, a European asset management company, on behalf of the public shareholders of The Shaw Group, Inc. The lawsuit challenged Shaw's proposed sale to Chicago Bridge & Iron Company N.V. in a transaction valued at approximately \$3.04 billion. The plaintiffs alleged that the defendants breached their fiduciary duties to Shaw's shareholders by agreeing to a transaction that was financially unfair and the result of an improper sales process, which the defendants pursued at a time when Shaw's stock was poised for significant growth. The plaintiffs also alleged that the transaction offered substantial benefits to Shaw insiders not shared with the company's public shareholders. In December 2012, the parties reached a settlement with two components. Shaw agreed to make certain additional disclosures to shareholders of financial analyses indicating a potential share price impact of certain alternative transactions of as much as \$19.00 per share versus the status quo. To provide a remedy for Shaw shareholders who believed the company was worth more than CB&I was paying for it, the settlement contained a second component – universal appraisal rights for all Shaw shareholders who properly dissented from the proposed merger, and the opportunity for Shaw dissenters to pursue that remedy on a class-wide basis. The court granted final approval of the settlement on June 28, 2013.

***In re Coventry Health Care, Inc. Securities Litigation*, No. 7905-CS (Del. Ch.).** Motley Rice represented three public pension funds as court-appointed sole lead counsel in a shareholder class action challenging the \$7.2 billion acquisition of Coventry Health Care, Inc., by Aetna, Inc. The plaintiffs alleged that the defendants breached their fiduciary duties to Coventry's shareholders through a flawed sales process involving a severely conflicted financial advisor and at a time when the company was poised for remarkable growth as a result of recent government healthcare reforms. The case settled for improvements to the deal's terms and enhanced disclosures.

***In re Allion Healthcare, Inc. Shareholders Litigation*, No. 5022-cc (Del. Ch.).** Motley Rice attorneys served as co-lead counsel representing a group of institutional shareholders in their challenge to the going-private buy-out of Allion Healthcare, Inc., by private equity firm H.I.G. Capital, LLC, and a group of insider

stockholders led by the company's CEO, who controlled about 41 percent the company's shares. The shareholders alleged that the CEO used his stock holdings and influence over board members to accomplish the buyout at the expense of Allion's public shareholders. After a lengthy mediation, the shareholders succeeded in negotiating a settlement resulting in a \$4 million increase in the merger consideration available to shareholders. In January 2011, the Delaware Court of Chancery approved the settlement.

***In re RehabCare Group, Inc. Shareholders Litigation*, No. 6197-VCL (Del. Ch.).** Motley Rice represented institutional shareholders in their challenge to the acquisition of healthcare provider RehabCare Group, Inc., by Kindred Healthcare, Inc. As co-lead counsel, Motley Rice uncovered important additional facts about the relationship between RehabCare, Kindred, and the exclusive financial advisor for the transaction, as well as how those relationships affected the process RehabCare's board of directors undertook to sell the company. After extensive discovery, the parties reached a settlement in which RehabCare agreed to make a \$2.5 million payment for the benefit of RehabCare shareholders. In addition, RehabCare and Kindred agreed to waive certain standstill agreements with potential higher bidders for the company; lower the merger agreement's termination fee from \$26 million to \$13 million to encourage any potential higher bidders; eliminate the requirement that Kindred have a three-business day period during which it has the right to match any superior proposal; and make certain additional public disclosures about the proposed merger. The Delaware Court of Chancery granted final approval of the settlement on Sept. 8, 2011.

***In re Atheros Communications Inc. Shareholder Litigation*, No. 6124-VCN (Del. Ch.).** In this action involving Qualcomm Incorporated's proposed acquisition of Atheros Communications, Inc., for approximately \$3.1 billion, Motley Rice served as co-lead counsel representing investors alleging that, among other things, Atheros' preliminary proxy statement was materially misleading to the company's shareholders, who were responsible for voting on the proposed acquisition. In March 2011, the Court issued a preliminary injunction delaying the shareholder vote, ruling that Atheros' proxy statement was materially misleading because, even though the proxy stated that the company's CEO "had not had any discussions with Qualcomm regarding the terms of his potential employment," it failed to disclose that he in fact "had overwhelming reason to believe he would be employed by Qualcomm after the transaction closed." The proxy also failed to inform shareholders of an almost entirely contingent \$24 million fee to the company's financial adviser, Qatalyst Partners, LLP.

***In re Winn-Dixie Stores, Inc. Shareholder Litigation*, No. 16-2011-CA-010616 (Fla. 4th Cir. Ct.).** Motley Rice served as co-lead counsel in litigation challenging the \$560 million buyout of Winn-Dixie Stores, Inc. by BI-LO, LLC, achieving a settlement

that allows for shareholders to participate in a \$9 million common fund or \$2.5 million opt-in appraisal proceeding.

Maric Capital Master Fund, Ltd. v. PLATO Learning, Inc., No. 5402-VCS (Del. Ch.). The firm's institutional investor client won a partial preliminary injunction against the proposed acquisition of PLATO Learning, Inc., by a private equity company. In its ruling, the Delaware Court of Chancery found that the target company's proxy statement was misleading to its shareholders and omitted material information. The court's opinion has since been published and has been cited by courts and the legal media.

In re Lear Corporation Shareholder Litigation, No. 2728-N (Del. Ch.). In this deal case, Motley Rice helped thwart a merger out of line with shareholder interests. Motley Rice represented an institutional investor in this case and, along with Delaware co-counsel, was appointed co-chair of the Plaintiffs' Executive Committee. Motley Rice and its co-counsel conducted expedited discovery and the briefing. The court ultimately granted in part and denied in part the plaintiffs' motion for a preliminary injunction. In granting the injunction, the court found a reasonable probability of success in the plaintiffs' disclosure claim concerning the Lear CEO's conflict of interest in securing his retirement through the proposed takeover. Lear shareholders overwhelmingly rejected the merger.

Helaba Invest Kapitalanlagegesellschaft mbH v. Fialkow, No. 2683-VCL (Del. Ch.) (regarding National Home Health Care Corp.). This action was brought on behalf of the shareholders of National Home Health Care Corporation in response to the company's November 2006 announcement that it had entered into a merger agreement with affiliates of Angelo Gordon. The matter settled prior to trial and was approved on April 18, 2008. The defendants agreed to additional consideration and proxy disclosures for the class.

Schultze Asset Management, LLC v. Washington Group International, Inc., No. 3261-VCN (Del. Ch.). This action followed Washington Group's announcement that it had agreed to be acquired by URS Corporation. The action alleged that Washington Group and its board of directors breached their fiduciary duties by failing to maximize shareholder value, choosing financial projections that unfairly undervalued the company and pursuing a flawed decision-making process. Motley Rice represented the parties, which ultimately settled the lawsuit with Washington Group. Washington Group agreed to make further disclosures to its shareholders regarding the proposed alternative transactions it had rejected prior to its accepting URS's proposal and agreed to make disclosures regarding how the company was valued in the proposed transaction with URS. These additional disclosures prompted shareholders to further question the fairness of the

URS proposal. Ultimately, URS increased its offer for Washington Group to the benefit of minority stockholders.

In re The DirecTV Group, Inc. Shareholder Litigation, No. 4581-VCP (Del. Ch.). As court-appointed co-lead counsel, Motley Rice attorneys represented a group of institutional investors on behalf of the minority shareholders of DirecTV Group. A settlement was reached and approved by the court on Nov. 30, 2009. It provided for material changes to the merger agreement and the governing documents of the post-merger DirecTV.

State Law Securities Cases

In re Tremont Group Holdings, Inc. Securities Litigation, No. 09 Civ. 03137 (S.D.N.Y.). Motley Rice represents an individual investor in consolidated litigation regarding investments made in Bernard L. Madoff Investment Securities, LLC, through a variable universal life insurance policy.

Brown v. Charles Schwab & Co., No. 2:07-cv-03852-DCN (D.S.C.). Motley Rice attorneys served as class counsel in this case, one of the first to interpret the civil liabilities provision of the Uniform Securities Act of 2002. The U.S. District Court for the District of South Carolina certified a class of investors with claims against broker-dealer Charles Schwab & Co., Inc., for its role in allegedly aiding the illegal sale of securities as part of a \$66 million Ponzi scheme. A subclass of 38 plaintiffs in this case reached a settlement agreement with Schwab under which they receive approximately \$5.7 million, an amount representing their total unrecovered investment losses plus attorneys' fees.

Opt-Out/Individual Actions

In re Vivendi Universal, S.A. Securities Litigation, No. 02 Civ. 5571 (S.D.N.Y.). In this action, Motley Rice represents more than 20 foreign institutional investors who were excluded from the class. The firm's clients include the Swedish public pension fund Första AP-fonden (AP1), one of five buffer funds in the Swedish pay-as-you-go pension system. In light of a recent Supreme Court ruling preventing foreign clients from gaining relief, Motley Rice has worked with institutional investor plaintiffs to file suit in France. The French action is pending.

Ronald L. Motley (1944–2013)**EDUCATION:**

J.D., University of South Carolina School of Law, 1971

B.A., University of South Carolina, 1966

Ron Motley fought for greater justice, accountability and recourse, and has been widely recognized as one of the most accomplished and skilled trial lawyers in the U.S. During a career that spanned more than four decades, his persuasiveness before a jury and ability to break new legal and evidentiary ground brought to justice two once-invincible giant industries whose malfeasance took the lives of millions of Americans— asbestos and tobacco. Armed with a combination of legal and trial skills, personal charisma, nose-to-the-grindstone hard work and record of success, Ron built Motley Rice into one of the nation's largest plaintiffs' law firms.

Noted for his role in spearheading the historic litigation against the tobacco industry, Ron served as lead trial counsel for 26 State Attorneys General in the lawsuits. His efforts to uncover corporate and scientific wrongdoing resulted in the Master Settlement Agreement, the largest civil settlement in U.S. history and in which the tobacco industry agreed to reimburse states for smoking-related health care costs.

Through his pioneering discovery and collaboration, Ron revealed asbestos manufacturers and the harmful and disabling effects of occupational, environmental and household asbestos exposure. He represented thousands of asbestos victims and achieved numerous trial breakthroughs, including the class actions and mass consolidations of *Cimino, et al. v. Raymark, et al.* (U.S.D.C. TX); *Abate, et al. v. ACandS, et al.* (Baltimore); and *In re Asbestos Personal Injury Cases* (Mississippi).

In 2002, Ron once again advanced cutting-edge litigation as lead counsel for the 9/11 Families United to Bankrupt Terrorism with a lawsuit filed by more than 6,500 family members, survivors and those who lost their lives in the Sept. 11, 2001, terrorist attacks. The suit seeks justice and ultimately bankruptcy for al Qaeda's financiers, including many individuals, banks, corporations and charities that provided resources and monetary aid. He also served as lead counsel in numerous individual aviation security liability and damages cases under the *In re September 11 Litigation* filed against the aviation and aviation security industries by victims' families devastated by the security failures of 9/11.

Ron brought the landmark case of *Oran Almog v. Arab Bank* against the alleged financial sponsors of Hamas and other terrorist organizations in Israel and was a firm leader in the BP Deepwater Horizon litigation and claims efforts involving people and businesses in Gulf Coast communities suffering as a result of the oil spill. Two settlements were reached with BP, one of which is the largest civil class action settlement in U.S. history.

Recognized as an AV®-rated attorney by Martindale-Hubbell®, Ron served on the AAJ Board of Governors from 1977 to 2012 and was chair of its Asbestos Litigation Group from 1978 to 2012. In 2002, Ron founded the Mark Elliott Motley Foundation, Inc., in loving memory of his son to help meet the health, education and welfare needs of children and young adults in the Charleston, S.C. community.

Motley Rice co-founder Joe Rice is recognized as a skillful and innovative negotiator of complex litigation settlements, having served as the lead negotiator in some of the largest civil actions our courts have seen in the last 20 years. *Corporate Legal Times* reported that national defense counsel and legal scholars described Joe as one of the nation’s “five most feared and respected plaintiffs’ lawyers in corporate America.” As the article notes, “For all his talents as a shrewd negotiator ... Rice has earned most of his respect from playing fair and remaining humble.”

Joe was recognized by some of the nation’s best-regarded defense lawyers as being “the smartest dealmaker they ever sat across the table from,” *Thomson Reuters* has reported. Professor Samuel Issacharoff of the New York University School of Law, a well-known professor and expert in class actions and complex litigation, has commented that he is “the best strategic thinker on the end stages of litigation that I’ve ever seen.”

Since beginning to practice law in 1979, Joe has continued to reinforce his reputation as a skillful negotiator, including through his involvement structuring some of the most significant resolutions of asbestos liabilities on behalf of those injured by asbestos-related products. He negotiates for the firm’s clients at all levels, including securities and consumer fraud, anti-terrorism, human rights, environmental, medical drugs and devices, as well as catastrophic injury and wrongful death cases

Most recently, Joe has been involved in litigation filed by multiple states, cities and counties alleging deceptive marketing of highly addictive opioid prescription painkillers. In addition, Joe was appointed to the Plaintiffs’ Steering Committee for *In re Chrysler-Dodge-Jeep Ecodiesel Marketing, Sales Practices, and Products Liability Litigation*. Previously, Joe served as one of the lead negotiators in the \$15 billion Volkswagen Diesel Emissions Fraud class action settlement for 2.0-liter vehicles, the largest auto-related consumer class action settlement in U.S. history, as well as the 3.0-liter settlement. He also has led negotiations on behalf of thousands of women in the transvaginal mesh litigation that has five MDLs pending in the state of West Virginia. Joe is a member of the Plaintiffs’ Steering Committee for the Lipitor® multidistrict litigation and the Plaintiffs’ Executive Committee for *In re General Motors LLC Ignition Switch Litigation*.

BP Oil Spill:

Joe served as a co-lead negotiator for the Plaintiffs’ Steering Committee in reaching the two settlements with BP, one of which is the largest civil class action settlement in U.S. history.

The Economic and Property Damages Rule 23 Class Action Settlement is estimated to make payments totaling between \$7.8 billion and \$18 billion to class members. Joe was also one of the lead negotiators of the \$1.028 billion settlement reached between the Plaintiffs' Steering Committee and Halliburton Energy Services, Inc., for Halliburton's role in the disaster.

9/11:

Joe held a crucial role in executing strategic mediations and/or resolutions on behalf of 56 families of 9/11 victims who opted out of the government-created September 11 Victim Compensation Fund. In addition to providing answers, accountability and recourse to victims' families, the resulting settlements with multiple defendants shattered a settlement matrix developed and utilized for decades. The litigation also helped provide public access to evidence uncovered for the trial.

Tobacco:

As lead private counsel for 26 jurisdictions, including numerous State Attorneys General, Joe was integral to the crafting and negotiating of the landmark Master Settlement Agreement, in which the tobacco industry agreed to reimburse states for smoking-related health costs. This remains the largest civil settlement in U.S. history.

Asbestos:

Joe held leadership and negotiating roles involving the bankruptcies of several large organizations, including AWI, Federal Mogul, Johns Manville, Celotex, Garlock, W.R. Grace, Babcock & Wilcox, U.S. Gypsum, Owens Corning and Pittsburgh Corning. He has also worked on numerous Trust Advisory Committees. Today, he maintains a critical role in settlements involving asbestos manufacturers emerging from bankruptcy and has been recognized for his work in structuring significant resolutions in complex personal injury litigation for asbestos liabilities on behalf of victims injured by asbestos-related products. Joe has served as co-chair of Perrin Conferences' Asbestos Litigation Conference, the largest national asbestos-focused conference.

Joe is often sought by investment funds for guidance on litigation strategies to increase shareholder value, enhance corporate governance reforms and recover assets. He was an integral part of the shareholder derivative action against Omnicare, Inc., *Manville Personal Injury Settlement Trust v. Gemunder*, which resulted in a significant settlement for shareholders as well as new corporate governance policies for the corporation.

Joe serves on the Board of Advisors for Emory University's Institute for Complex Litigation and Mass Claims, which facilitates bipartisan discussion of ways to improve the civil justice system through the hosting of judicial seminars, bar conferences, academic programs, and research. In 1999 and 2000, he served on the faculty at Duke University School of Law as a Senior Lecturing Fellow, and taught classes on the art of negotiating at the University of South Carolina School of Law, Duke University School of Law and Charleston School of Law.

In 2013, he and the firm created the Ronald L. Motley Scholarship Fund at The University of South Carolina School of Law in memory and honor of co-founding member and friend, Ron Motley.

ADMITTED TO PRACTICE BEFORE:

U.S District Court for the Eastern and Southern Districts of New York

EDUCATION:

J.D., University of Memphis Cecil C. Humphreys School of Law, 1997

B.A., John Carroll University, 1993

Michael Elsner uses the U.S. civil justice system to seek social change and improved protection of Americans at home and abroad. He litigates complex civil matters on behalf of people and businesses victimized by commercial malfeasance, violations of human rights, inadequate security measures and state-sponsored terrorism, managing cross-border litigation and intricate investigations of infringement and abuse of human rights, multi-layered financial transactions and due diligence.

Michael's understanding of the complex legal challenges of international matters is critical to litigating cases involving human rights and financial dealings. He uses legal mechanisms to track illicit finances, and his investigations through the maze of international banking and financial regulations continue to uncover violations that have allowed money laundering and terrorist financing. Michael is building upon legal theories and case precedents to represent plaintiffs harmed by financial crimes and actions and hold the global institutions and organizations accountable.

Michael was a lead plaintiffs' counsel in *Linde et al. v. Arab Bank*, a suit brought on behalf of victims of terrorist attacks in Israel. In September 2014, a jury found Jordan-based Arab Bank plc liable for financing terrorist activity, including funneling financial support to top Hamas leaders and to the families of suicide bombers. Michael also leads the worldwide

investigation for liability evidence in the 9/11 Families United to Bankrupt Terrorism civil action against al Qaeda's alleged financiers and supporters. In this capacity, Michael meets with U.S. and foreign intelligence officers, witnesses, and informants, who have already helped him gather more than two million pages of documents in numerous languages identifying the activities of al Qaeda and its financiers. He is a member of the Plaintiffs' Steering Committee for this multidistrict litigation filed on behalf of more than 6,500 families and survivors of the 9/11 attacks. He also served as a member of the Plaintiffs' Committee in *In re September 11th Litigation*, a suit brought against the airline industry alleging that it failed to detect and prevent the attacks.

Michael's work with financial transaction litigation includes commercial, securities fraud and shareholder derivative cases such as his extensive work on behalf of domestic and foreign investors in *In re Vivendi Universal, S.A. Securities Litigation*.

Michael is also leading the firm in its role as consultants to South African human rights lawyer Richard Spoor in his effort to take on leading global gold producers and seek justice for tens of thousands of exploited gold mine workers who are suffering from silicosis. Few class actions have been brought in South Africa, and none have been filed for sick workers. If approved as a class, the suit would generate an unprecedented means of recovery for the country and ensure meaningful access to justice for the indigent and rural workers who are dying from this entirely preventable yet incurable disease.

Michael began his career with the Manville Personal Injury Trust and then practiced complex civil litigation in New York in the areas of toxic torts, security, personal injury, bankruptcy, and whistleblower protections prior to joining Motley Rice attorneys in 2002.

Sharing his experience and insight as a lecturer and consultant, Michael has discussed anti-terrorism and human rights litigation on several national and international news outlets, including CNN, MSNBC, NPR and the BBC, as well as international anti-money laundering and anti-terrorism industry conferences.

ADMITTED TO PRACTICE BEFORE:

U.S. Supreme Court; U.S. Court of Appeals for the First, Seventh and Eleventh Circuits; U.S. District Court for the District of Columbia, District of Massachusetts, District of Rhode Island and Eastern District of Wisconsin

EDUCATION:

J.D., *cum laude*, American University, 1994

B.A., Canisius College, 1991

Fidelma Fitzpatrick represents people and communities in toxic tort and environmental matters, including property damage and personal injury claims. Her experience with complex civil litigation has led her to represent other victims of corporate malfeasance, including hundreds of women allegedly injured by medical devices such as Essure® and pelvic mesh/sling products.

In 2017, Fidelma was appointed Lead Counsel of the Plaintiffs' Executive Committee for the coordinated Essure® litigation in California against Bayer Corp. She also represents hundreds of women allegedly harmed by pelvic mesh/sling products in filed cases against defendants that include American Medical Systems, Boston Scientific, C.R. Bard, Inc., and Ethicon. In 2012, Fidelma was appointed co-lead counsel of the pelvic mesh MDL *In re American Medical Systems, Inc., Pelvic Repair Systems Products Liability Litigation* pending in the Southern District of West Virginia. She also holds leadership roles in pelvic mesh state court litigations, including serving as liaison counsel in the American Medical Systems cases consolidated in Delaware and the Boston Scientific cases consolidated in Massachusetts.

Fidelma was co-lead trial counsel in the billion dollar lead paint pigment case, *The People of California v. Atlantic Richfield Company et al.*, in which Motley Rice represented cities and counties, including San Francisco, Santa Clara, Los Angeles and San Diego, in litigation against national lead paint pigment

manufacturers. In January 2014, the court ruled that three lead paint pigment companies had created a public nuisance by concealing the dangers of lead when they campaigned against its regulation and actively promoted lead for use in homes despite knowing that it was highly toxic. The \$1.15 billion* verdict will be paid to the state's abatement fund for the removal of lead paint pigment from homes throughout California, particularly those occupied by lower-income families in inner-city and community housing. This will help protect the health and safety of thousands of children.

Fidelma held a central role in the state of Rhode Island's trial against former corporate manufacturers of lead paint pigment. She continues to manage cases seeking to hold the lead paint pigment industry accountable for the childhood lead poisoning crisis and provide restitution and compensation to affected children and families. As a result of her work for lead poisoning victims, the Wisconsin State Supreme Court became the first to recognize the legal rights of poisoned children to sue lead paint pigment manufacturers.

She also played a lead role in representing the community of Tallevast, Florida, in a lawsuit against Lockheed Martin Corporation involving the pollution of the community's groundwater with PCE and TCE. Fidelma is litigating nuclear contamination cases on behalf of Pennsylvania residents who allege that local nuclear facilities exposed them to hazardous levels of toxic or radioactive material in the surrounding air, soil and water. Those cases, involving both personal injuries and property damage, are pending in federal court.

Fidelma began working with Motley Rice attorneys in 1997 on the Massachusetts, New York and Rhode Island lawsuits against the tobacco industry. She serves on the Board of Regents at Canisius College and frequently speaks on environmental and mass tort topics at conferences for federal and state court judges, attorneys, academic professionals and law students.

With a passion for justice, Anne McGinness Kearse seeks to hold accountable numerous corporations that put profits before safety. Through litigation, Anne pursues the implementation of better safety practices and corporate governance measures for those corporations, as well as just compensation for victims of toxic exposure, extreme and life-altering injuries, workplace injuries, severe burns, brain damage, loss of limb and paralysis, and wrongful death resulting from negligence and defective products.

Bob McConnell’s practice concentrates on lead pigment litigation, childhood lead poisoning cases, groundwater and soil contamination cases and other toxic environmental litigation. He represents victims seeking corporate accountability as a result of personal injury, property damage and economic loss as a result of negligent environmental practices.

Bob was a member of the trial team in the landmark trial on behalf of the state of Rhode Island against corporate defendants from the lead paint industry. He secured the largest lead paint poisoning settlement in Rhode Island on behalf of a child and continues to represent children injured by lead poisoning

against property owners, governmental agencies and lead pigment companies. Through testimony, analysis and grassroots outreach, he helped the Rhode Island legislature pass a bill helping to prevent childhood lead poisoning without infringing on victims’ rights.

In 2005, he successfully argued the precedent-setting case *Thomas v. Mallett* 285 Wis 2d 236 as part of the Motley Rice trial team applying risk contribution theory to the lead paint industry before the Wisconsin Supreme Court. More recently, Bob represented more than 100 residents of Tiverton, R.I., in an environmental contamination lawsuit against a major New England utility company.

With more than two decades of experience in asbestos litigation, Bob also represents victims of asbestos exposure suffering from mesothelioma and other asbestos-related diseases. He has managed large consolidation trials in several states including Maryland, Mississippi and West Virginia.

After beginning his career as a teacher, Bob earned a law degree and clerked for the Honorable Donald F. Shea of the Rhode Island Supreme Court. He joined Motley Rice attorneys on the tobacco litigation team representing multiple state attorneys general, which resulted in the historic Master Settlement Agreement between the states and the tobacco industry.

He is also a board member for the George Wiley Center, which advocates for the rights of low income Rhode Island citizens, and the Fund for Community Progress, an organization that supports 26 grassroots organizations working for long-term community change.

J.D., New York University School of Law, 1980 (Root-Tilden Scholar)

M.A., The Ohio State University, 1977 (University Fellow)

B.A. *cum laude*, Harvard University, 1976

A CNN Analyst and former U.S. Department of Transportation Inspector General, Mary Schiavo seeks accountability and industry change from corporations, institutions and the government so that they may meet their obligation to protect the safety and security of the traveling public. With years of experience in transportation litigation, Mary represents victims and their families suffering from negligence of airline, automotive, commercial trucking, motorcoach and rail companies.

A leader of the firm's aviation team, Mary has represented passengers and crew of most major U.S. air crashes, as well as pilots and passengers on private or charter planes. She represents passengers, pilots, flight attendants and select owners and operators. Her experience with major, complex aviation litigation includes more than 50 cases on behalf of the family members of the passengers and crew of all the planes hijacked on Sept. 11, 2001.

Mary has held numerous government appointments under three U.S. Presidents, including that of Inspector General of the U.S. Department of Transportation from 1990 to 1996. Under Mary's direction, the agency investigated air safety, crimes and disasters; secured more than 1,000 criminal convictions; and exposed billions of dollars of fraud, waste and abuse of taxpayer money. She testified before Congress multiple times on transportation safety, security, budgeting and infrastructure. In recognition of her work combating the use of bogus aircraft parts worldwide, Mary was honored by *Aviation Week* with its Aviation Laurel Award in 1992 and 1995 and was inducted into the Aviation Laurel Hall of Fame in 1997.

TEAM BIOS:

As an Assistant U.S. Attorney early in her career, Mary litigated civil cases and prosecuted federal white-collar crimes, bank and securities fraud, mail and wire fraud, drug trafficking and counterfeiting. During her appointment, she also served on the U.S. Department of Justice's Organized Crime and Racketeering Strike Force, prosecuting high-profile criminal cases of bank and securities fraud and related mail and wire fraud, including a large investigation of a bank and securities fraud scheme that resulted in the federal takeover of banks, savings and loans throughout the Midwest.

In 1987, Mary was selected as a White House Fellow and assigned to the U.S. Attorney General, where she worked as the Special Assistant for Criminal Affairs. In this role, she reviewed high security prosecutions, prepared Foreign Intelligence Surveillance Act Requests, attended foreign legal summits with the Attorney General and worked on international prisoner and evidence exchanges. During this time, she also taught trial technique at the U.S. Attorney General's Advocacy Institute and the Federal Bureau of Investigation Academy. Her work earned her an appointment as the Assistant U.S. Secretary of Labor in 1989, where she led the Office of Labor Management Standards, supervising union elections and investigations on election and financial irregularities.

A frequent on-air contributor or consultant for several networks, Mary has appeared on CNN, ABC, CBS, Fox News, NBC, BBC, the History Channel and Discovery Channel. Named by *Glamour* magazine as a 1997 Woman of the Year, 1987 Working Woman of the Year and a Top Ten College Student in 1975, she has spoken about aviation safety on *20/20*, *60 Minutes*, *Good Morning America*, *Larry King Live*, *Nancy Grace*, *Nightline*, *Oprah*, *The O'Reilly Factor*, *Today*, and *Your World with Neil Cavuto*, among others. Mary is the author of *Flying Blind*, *Flying Safe*, a *New York Times* bestseller, and was featured in *Time* magazine for exposing the poor safety and security practices of the airlines and the failures of the federal government to properly regulate the aviation industry. She contributed to *Aviation Security Management* (Volume One, 2008) and *Supply Chain Security* (Volumes One and Two, 2010).

Mary received her pilot's license soon after her driver's license, and later completed private and commercial flight training at The Ohio State University. She returned to The Ohio State University as the McConnell Aviation Chair and professor from 1998-2002 and as the Enarson Professor of Public Policy from 1997-1998. She has also served as a practitioner in residence at the New York University School of Law, and is currently a member of the Board of Directors for the Lowcountry SC chapter of the American Red Cross.
